Overall Length:

7.000 inches

Overall Width:

3.000 inches

Material Thickness:

1.500 inches

Aircraft Location:

Support lock flap fitting

Aircraft Mission Design Series:

B-2 pacer special

Special Features:

Opp -002; nha daa3113d200 and daa3113m200

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
