**Overall Length:**

8.040 inches

**Overall Width:**

7.900 inches

**Material Thickness:**

0.125 inches

**Aircraft Location:**

Inner wing

**Aircraft Mission Design Series:**

F-15e

**Special Features:**

Support, wing section inner-leading edge, skin antenna

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-250/12 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
