Aircraft Location:

Mlg beam

Aircraft Station Number:

Fs517.000

Aircraft Mission Design Series:

C-130b/e

Special Features:

Gshelf beam angle, mlg beam repair; heat treated to 7075-t73; finish: alodine per mil-c-5541 class 1a, apply one coat of mil-s-81733 type iii and two coats of mil-c-83286 color no.16473 gray of fed-std-595

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-200/11 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
