Overall Length:

5.500 inches

Overall Width:

2.250 inches

Material Thickness:

1.500 inches

Aircraft Location:

Open prox swithc nlg wheel door sensor bracket

Aircraft Mission Design Series:

B-2 pacer special

Special Features:

Nha daa3610y104

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-225 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
