Overall Length:

6.970 inches

Overall Width:

3.100 inches

Material Thickness:

0.050 inches

Aircraft Location:

Oxygen converter

Aircraft Mission Design Series:

F-16c/d blk 50

Special Features:

Converter base support

Height:

2.100 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4-t62 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
