Fabrication Method:

Solid

End Application:

C-130 hercules airplane...

Side For Which Designed:

Left side

Aircraft Location:

Tip-wing, assy

Aircraft Mission Design Series:

Hc-130h and c-130e

Special Features:

Heat treat per t4 lac 521

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
