**Overall Length:**

12.500 inches

**Overall Width:**

2.800 inches

**Material Thickness:**

0.050 inches

**Aircraft Location:**

Door assembly, nose landing gear, fwd

**Aircraft Mission Design Series:**

A-10

**Special Features:**

Bracket, angle

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/5-0 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
