Overall Length:

0.847 inches

Overall Width:

0.750 inches

End Application:

F-18 hornet airplane...

Aircraft Location:

Pylon door spring support

Aircraft Mission Design Series:

F/a-18

Special Features:

Support structural, heat treat per t7351

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-225/9 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
