Overall Width:

4.870 inches

End Application:

C-130 hercules airplane...

Side For Which Designed:

Right side

Aircraft Location:

Flux valve support

Aircraft Mission Design Series:

Hc-130h and c-130e

Special Features:

C/o 1 plate, 1 frame, 3 nut, 3 nute retainer

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
