Overall Length:

5.480 inches

Overall Width:

2.125 inches

Material Thickness:

0.750 inches

Hole Quantity:

4

Features Provided:

Tempered

Aircraft Location:

Outboard aileron

Aircraft Station Number:

Fs151.854

Aircraft Mission Design Series:

A-4

Special Features:

Material; 4130 steel, heat treat 125 to 150 ksi, nha 42019

Material:

Steel

Material Specification:

Mil-s-6758 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800

Mil-std (military Standard):

Mil-s-6758 spec.
