Overall Length:

3.900 inches

Overall Width:

2.200 inches

Material Thickness:

0.025 inches

Aircraft Location:

Body cowl panel canted frame

Aircraft Mission Design Series:

B-52

Special Features:

Opp -513; t4 temper

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-270 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11500
