Overall Length:

70.000 inches

Overall Width:

0.070 inches

Material Thickness:

0.040 inches

Aircraft Location:

Lwr engine wrap cowl panel assembly

Aircraft Station Number:

Sta 85.8

Aircraft Mission Design Series:

B-52

Special Features:

Opp -35; 0 temper

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
