Overall Length:

6.200 inches

Overall Width:

5.000 inches

Material Thickness:

0.071 inches

End Application:

Aircraft f-15e

Aircraft Location:

Lower nacelle

Aircraft Mission Design Series:

F-15e

Special Features:

Skin aircraft lower nacelle

Material:

Aluminum alloy 2024

Surface Treatment Specification:

Qq-a-250/5 cond t81 federal specification 1st treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
