**Material Thickness:**

0.050 inches

**Aircraft Location:**

Pylon and tail cone

**Aircraft Mission Design Series:**

Ch-53e and mh-53e

**Special Features:**

Mfg title; screen, fairing, , ,

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a-250/11 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11500
