Material Thickness:

0.050 inches

Aircraft Location:

Pylon and tail cone

Aircraft Mission Design Series:

Ch-53e and mh-53e

Special Features:

Mfg title; screen, fairing, , ,

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11500
