Special Features:

Part of fairing assembly-aft, lower ml, conformal fuel tank; size: 0.125 x 6.100 x 24.280

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/25 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531m0
