**Overall Length:**

3.250 inches

**Overall Width:**

3.000 inches

**Material Thickness:**

2.000 inches

**Aircraft Location:**

Mlg wheel door lock roller support

**Aircraft Mission Design Series:**

B-1b

**Special Features:**

Nha I3300098

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-200 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
