Overall Length:

3.250 inches

Overall Width:

3.000 inches

Material Thickness:

2.000 inches

Aircraft Location:

Mlg wheel door lock roller support

Aircraft Mission Design Series:

B-1b

Special Features:

Nha I3300098

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-200 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
