Overall Length:

4.780 inches

Overall Width:

3.000 inches

Material Thickness:

0.210 inches

Aircraft Location:

Splice installation, upper to frame

Aircraft Station Number:

998

Aircraft Mission Design Series:

C-141

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-283, t651 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
