Overall Length:

7.000 inches

Overall Width:

6.000 inches

Material Thickness:

0.160 inches

Aircraft Location:

Splice instl-upper to side frame

Aircraft Station Number:

Fs998.000

Aircraft Mission Design Series:

C-141

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-287, temp t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
