Overall Length:

2.500 inches

Overall Width:

1.750 inches

Aircraft Location:

Side panel, former fs730.350 and fs738.870

Aircraft Mission Design Series:

F-15e

Special Features:

Tee clip; material: 6al-4v bar

Height:

1.500 inches

Material:

Titanium alloy

Material Specification:

Mil-t-9047 comp a, anl military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800

Mil-std (military Standard):

Mil-t-9047 spec.
