Overall Length:

6.500 inches

Overall Width:

5.500 inches

Material Thickness:

0.045 inches

Aircraft Location:

Keel structure aft-single web fs749.000 to fs782.500

Aircraft Mission Design Series:

F-15e

Special Features:

Material: 6al-4v

Material:

Titanium alloy

Material Specification:

Mil-t-9046 type 3, comp c, anl military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800

Mil-std (military Standard):

Mil-t-9046 spec.
