Width:

14.750 inches

Edge Shape:

Rectangle, no holes

Length:

18.500 inches

Securing Device Type:

Special

End Application:

Ac-130u, sof aircraft

Special Features:

Used to access horizontal stabilizedr lwr

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531m0
