Overall Length:

3.100 inches

Overall Width:

2.200 inches

End Application:

F-15, eagle aircraft

Hole Quantity:

2

Aircraft Location:

Roller, engine installation

Aircraft Mission Design Series:

F-15

Material:

Steel

Material Specification:

Astm b196, cond h assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
