**Overall Length:**

8.000 inches

**Overall Width:**

2.000 inches

**Material Thickness:**

0.020 inches

**Aircraft Location:**

Panel, aft cowling

**Aircraft Mission Design Series:**

C-141

**Special Features:**

Doubler

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-362 t3, t81 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
