Material Thickness:

0.080 inches

Side For Which Designed:

Right side

Aircraft Location:

Vertical stablizer

Aircraft Station Number:

Fs444.58 to fs493.81

Aircraft Mission Design Series:

F-16

Special Features:

Root fitting cover

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4-t62 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A11500
