Overall Length:

1.560 inches

Overall Width:

1.540 inches

Material Thickness:

0.008 inches

Aircraft Location:

Alternate fuel pylon

Aircraft Mission Design Series:

F-16

Special Features:

Grounding clip

Material:

Steel

Material Specification:

Mil-s-5059 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800

Mil-std (military Standard):

Mil-s-5059 spec.
