Overall Length:

12.200 inches

Aircraft Location:

1058 frame repair upper splice

Aircraft Mission Design Series:

C-141

Special Features:

Plate, upper; to accomodate frame repair 94-ljle-008; heat treat 125, 000 to 150, 000 per mil-h-6875

Material:

Steel comp 4130

Material Specification:

Qq-s-624 federal specification single material response

Surface Treatment Specification:

Qq-p-416, type ii, class 2 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11400
