Aircraft Structural Plate - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/1560-01-426-8659

Overall Length:
12.200 inches
Aircraft Location:
1058 frame repair upper splice
Aircraft Mission Design Series:
C-141
Special Features:
Plate, upper; to accomodate frame repair 94-ljle-008; heat treat 125, 000 to 150, 000 per mil-h-6875
Material:
Steel comp 4130
Material Specification:
Qq-s-624 federal specification single material response
Surface Treatment Specification:
Qq-p-416, type ii, class 2 federal specification single treatment response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A11400
