**Overall Length:**

12.200 inches

**Aircraft Location:**

1058 frame repair upper splice

**Aircraft Mission Design Series:**

C-141

**Special Features:**

Plate, upper; to accomodate frame repair 94-ljle-008; heat treat 125, 000 to 150, 000 per mil-h-6875

**Material:**

Steel comp 4130

**Material Specification:**

Qq-s-624 federal specification single material response

**Surface Treatment Specification:**

Qq-p-416, type ii, class 2 federal specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A11400
