**Securing Device Type:**

Threaded fastener

**End Application:**

F-15i/f-15s

**Special Features:**

Cover, access-lh side environmental control system (ecs); material 2024 heat treated to t62 per ps15534

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/5 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A531h0
