Securing Device Type:

Threaded fastener

End Application:

F-15i/f-15s

Special Features:

Cover, access-lh side environmental control system (ecs); material 2024 heat treated to t62 per ps15534

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531h0
