Overall Length:

16.770 inches

Overall Width:

2.750 inches

Material Thickness:

0.190 inches

Side For Which Designed:

Left side

Aircraft Location:

Repair installation, inboard pylon, multi panel replacement

Aircraft Mission Design Series:

C-141

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
