Overall Length:

2.090 inches

Overall Width:

0.820 inches

Material Thickness:

0.020 inches

Aircraft Location:

Leading edge, verticle stablizer, hf antenna

Aircraft Mission Design Series:

F-15a

Special Features:

Requested name-filler

Material:

Titanium alloy

Material Specification:

Mil-t-9046, type 3, comp c, anl military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400

Mil-std (military Standard):

Mil-t-9046 spec.
