**Aircraft Location:**

Upper, leading edge, vertical stabilizer, hf antenna

**Aircraft Mission Design Series:**

F-15

**Special Features:**

Requested name: skin 8 inch uhf; consists of 68a230613-2001 skin (1), 68a230609-2001 shim (1), 68a230609-2003 shim (1) and 68a230617-2069 plate (1); material 6al-4v

**Material:**

Titanium alloy

**Material Specification:**

Mil-t-9046, type 3, composition c, annealed military specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11700

**Mil-std (military Standard):**

Mil-t-9046 spec.
