Aircraft Location:

Upper, leading edge, vertical stabilizer, hf antenna

Aircraft Mission Design Series:

F-15

Special Features:

Requested name: skin 8 inch uhf; consists of 68a230613-2001 skin (1), 68a230609-2001 shim (1), 68a230609-2003 shim (1) and 68a230617-2069 plate (1); material 6al-4v

Material:

Titanium alloy

Material Specification:

Mil-t-9046, type 3, composition c, annealed military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700

Mil-std (military Standard):

Mil-t-9046 spec.
