Overall Length:

3.380 inches

Overall Width:

2.888 inches

Material Thickness:

2.140 inches

Aircraft Location:

Keeper-avionics access door

Aircraft Mission Design Series:

F-15i/s

Special Features:

Requested name-keeper; next higher assembly -1001; u/o f-15s 25 and up, f-15i 1 and up

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-200/11, t73511 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
