Furnished Items:

Nut plate

Overall Length:

3.500 inches

Overall Width:

3.500 inches

Material Thickness:

2.670 inches

Aircraft Location:

Spool-fuel drain, tank 3a

Aircraft Mission Design Series:

F-15s

Special Features:

Requested name-spool, fuel drain; u/o f-15s 1 and up; next higher assembly 68a581600; o/a diameter 3.500 in.

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-225/9, t7351 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A11400
