**Overall Length:**

4.960 inches

**Overall Width:**

2.140 inches

**Material Thickness:**

2.765 inches

**Aircraft Location:**

Keeper-avionics access door

**Aircraft Mission Design Series:**

F-15i/s

**Special Features:**

Requested name-keeper; next higher assembly -1009; u/o f-15s 25 and up, f-15i 1 and up

**Material:**

Aluminum alloy 7075

**Material Specification:**

Qq-a-200/11, t73511 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
