**Overall Length:**

3.200 inches

**Overall Width:**

1.400 inches

**Material Thickness:**

0.020 inches

**Product Name:**

Retainer, seal

**Aircraft Location:**

Fairing-flying boom

**Aircraft Mission Design Series:**

Kc-135

**Special Features:**

A/r boom retainer seal

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/5 t3 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11400
