Overall Length:

12.000 inches

Overall Width:

3.500 inches

Material Thickness:

0.050 inches

Aircraft Location:

Body panel assembly-cowl lower

Aircraft Station Number:

Sta 138.25

Aircraft Mission Design Series:

B-52

Special Features:

U/a: frame-fairing; heat treat t4; fin: f-2.30; nha: 35-31465-1 (lwr l/h side cowl, qpa: 1); opp -2094

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-355 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11400
