Overall Length:

21.400 inches

Overall Width:

12.500 inches

Thickness:

0.050 inches

Aircraft Location:

Lwr cowl body panel assembly

Aircraft Mission Design Series:

B-52

Special Features:

Heat treat t4; finish f-2.130; opp -809

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-362 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11700
