Overall Length:

17.840 inches

Overall Width:

3.130 inches

Material Thickness:

2.000 inches

Aircraft Location:

Angle-splice, rear beam, upper cap, inner wing repair

Aircraft Station Number:

Iwbr309 to iwbr327

Aircraft Mission Design Series:

C-141

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12, t7351 federal specification single material response

Surface Treatment Specification:

Lac 0479, code aa-46 mfr ref single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
