**Aircraft Location:**

Access door, avionics, lh

**Aircraft Mission Design Series:**

F-15i

**Special Features:**

Requestedname: brace, aircraft ground s; dimension from centerline of clevis p/n 68a311963-2003 to that of pin assembly p/n st9m553-1a is 15.63 inches; length of tube p/n 68a311956-2001 is 12.63 inches

**Material:**

Aluminum alloy 2024

**Material Specification:**

Ww-t-700/3 condition t3, type 1 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
