Overall Width:

1.550 inches

Material Thickness:

0.950 inches

Side For Which Designed:

Left side

Aircraft Location:

P/o rib mod, lower surface panel no.4

Aircraft Mission Design Series:

F-141

Special Features:

Requested name-angle

Material:

Aluminum alloy

Material Specification:

Ls34426-1 mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
