**Overall Length:**

5.880 inches

**Overall Width:**

2.000 inches

**Material Thickness:**

0.160 inches

**End Application:**

F-16 aircraft

**Aircraft Location:**

Gusset, center fuselage

**Aircraft Station Number:**

Fs243.000 to fs373.800

**Aircraft Mission Design Series:**

F-16

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-250/4-t81 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
