Material Thickness:

0.040 inches

End Application:

Fixed wing aircraft, hercules model c-130j

Aircraft Location:

Installation-fus sta 858 control

Aircraft Mission Design Series:

C-130j

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-382 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
