**Material Thickness:**

0.125 inches

**End Application:**

F-16a/b/d falcon aircraft

**Aircraft Location:**

Aft fuselage

**Aircraft Station Number:**

Fs373.800 to fs446.100

**Aircraft Mission Design Series:**

F-16

**Special Features:**

Spacer-fuel tank aft fuselage; thickness .125 to .189in.

**Material:**

Aluminum alloy 2024

**Material Specification:**

Qq-a-250/4 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A11800
