Material Thickness:

0.190 inches

End Application:

F-16a/b/d falcon aircraft

Aircraft Location:

Aft fuselage

Aircraft Station Number:

Fs373.800 to fs446.100

Aircraft Mission Design Series:

F-16

Special Features:

Spacer-fuel tank aft fuselage; thickness 0.190 to 0.252in.

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
