Material Thickness:

0.190 inches

End Application:

F-16a/b/d falcon aircraft

Aircraft Location:

Aft fuselage fuel tank

Aircraft Station Number:

Fs373.800 to fs446.100

Aircraft Mission Design Series:

F-16a/b/d

Special Features:

Fuel tank, aft fuselage fs373.80 to fs446.10

Material:

Aluminum alloy

Material Specification:

Qq-a-250/4 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A11800
